

reusable Lunch Waste Sorting Poster

CA Content Standards addressed in this lesson/activity:

ELA: Vocabulary & Concept Development

1.17 Identify and sort common words in basic categories (e.g. colors, shapes, foods)

Science: Earth Science

3c. Students know how to identify resources from Earth that are used in everyday life and understand that many resources can be conserved

Math: Students sort and classify objects

1.1 Identify, sort, and classify objects by attribute and identify objects that do not belong in a particular group

Teacher Directions:

- These sorting posters and the accompanying lesson plan, "Lunch Time Recycling Procedures" should be used with your students before their first day of school lunch.
- Post completed posters in your classroom or use for review as needed in a whole class or small group setting.
- Pass out picture cards to students.
- Choose one student at a time to come up to the posters and tell the class in which bin they would put that item.
- Use the list found on the back of this poster to check if students are accurately sorting the materials.
- Be green! Carefully store all unused materials in your Green Schools Kindergarten Kit so they may be used for a long time.
