# Alameda Green Schools Challenge

# Teacher Resources

# Lesson Plans

Our lesson plans are designed for starting a recycling/composting program at school and can also be used for reviewing procedures. Students talk about why it is important to recycle and compost. They then make posters showing in which cans to place waste items.

# Videos

Sparky and Scrappy Recycle

Glenview Scrap It!

Both available online at [YouTube.com](https://www.youtube.com)

# Songs

Kindergarten songs sung to well-known nursery rhymes.

Printable song sheets to put up on your classroom wall.

# Game

Clean Up Game - a fun way for students to practice sorting waste correctly.

Print out waste cards, game boards, and student answer sheets for self checking, add a few counters and a die and you're good to go. Email us for free electronic versions of any designs or lesson plans in this handout.
